

**FRIENDS
OF
ROMAN
CATS**

Dear Supporter:

Please help us send humane cat traps to Rome!

As most of you know, a primary goal of Friends of Roman Cats is to manage the feral and homeless feline populations of Rome. As we have developed a program that encourages trap/neuter/release, we have come to realize that our Roman compatriots lack a very necessary tool for their work of catching cats: *effective, humane traps!*

Our goal is to purchase and deliver at least 36 high-quality humane cat traps to Rome this year.

These are heavy-gauge stainless steel traps with auto-trip mechanisms. They will sustain many years of heavy use, make trapping safer for humans and cats alike, and make the trapping process easier, faster and more effective. **Over ten years, one trap has the potential to catch and save hundreds of felines.**

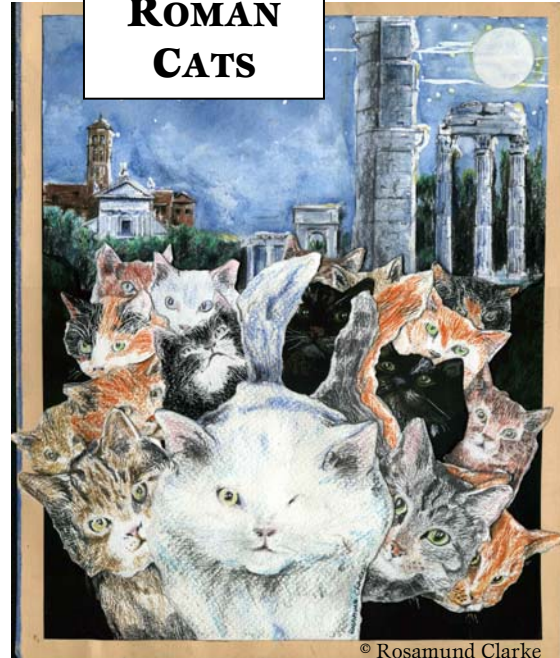

The cost to purchase and deliver each trap to Rome is \$75. We would be delighted if you could sponsor one trap, however any and all contributions are deeply appreciated. **Anyone sending \$75 or more can have their name, or the name of a special companion animal, affixed to the trap.**

On behalf of the cats of Rome: *mille grazie.*

Sincerely,

Susan Wheeler, President
Friends of Roman Cats

Friends of Roman Cats is a Federal 501(c)(3) non-profit corporation and your donation is tax deductible to the extent permitted by law. We are guided by the desire to help homeless cats through international cooperation and educational initiatives. Our goal is to support and disseminate ideas and practices taken from the US feral cat community and from such Italian groups as Torre Argentina Cat Sanctuary in Rome. We believe that an exchange of ideas can benefit attitudes toward homeless cats in both the United States and Italy.

Please return this page with your gift:

Yes, I would like to help send humane traps to Rome!

- \$75. for 1 trap** **\$150. for 2 traps**
 \$225. for 3 traps **Please accept my donation for \$ _____**
